

**barrels of fun**

## ***Barrels of Fun Hits Milestone!***

June 14, 2024 – Houston, Texas

As announced in the recent factory video tour on Facebook Live, Barrels of Fun sales of *Jim Henson's Labyrinth* continues to climb as we have passed over 750 orders. With an announced total edition of just 1,100 units, there are less than 350 slots left in the production schedule!

Over 270 have been manufactured and shipped and BOF is committed to manufacturing 500 more units by the end of this year. All new orders over the 750 mark will be scheduled in the new year. No rush, but if you love that new-in-box pinball machine experience, it's time to start thinking about talking to a distributor ([shop.kollectfun.com/distributors](http://shop.kollectfun.com/distributors)).

We appreciate the warm response and support we have received from the community these past 8 months, and look forward to many years of producing high quality, collector grade, pinball machines for each-and-every-one of you!

If you have not played *Jim Henson's Labyrinth* watch for a "Barrel's Bash" at a near-by location where they will be rolling out this fantastic game! It will be a barrel of fun!
